**Attachments:** EPA HQ Briefing Package on OR CZARA Decision, draft 11-24-14.docx

Lynda,

See attached—for your review and comment when you get a chance. The general format follows what NOAA and EPA Region 10 have already used. However, I have significantly updated it to reflect what transpired in R10's briefing last week. I will also be sharing this with NOAA and R10 staff for discussion on tomorrow's calls.
